Very easy to use, and easy to carry with you, as it is compact but still packed with good information. Unfortunately, hubby and I were perusing it and making our plans while inflight to Italy, and accidentally left it on the plane! So, we ordered it again, while over there (in electronic form), so as

to have a reference guide while in Tuscany. Really wish we had the physical book, though. If we are fortunate enough to go back, I will probably order it again, for a third time, and remember to take it with me when getting off the plane. It's that good!!

Perfect to take with you to Florence. Informational and light and compact. The best part of the guide is that a map is included with each recommendation for sightseeing. It was perfect for my trip to Florence and Tuscany. I would recommend this product.

Great

I love the itineraries!

We'll be taking this guide with us to Siena and Florence. Small, light weight and packed with info.

Every time I travel to a city or area covered by this series of books, I buy one. Always useful and informative.

The Frommer's Day by Day books are our favorites! Great suggestions, easy to read, and good size for a purse or coat pocket.

Indispensable
