Customer Reviews

Joanna Thomas and Keely Rogers are well-respected in their field.

This is a fine resource, but there are numerous errors both in the text and in the sample questions

as another reviewer noted. A second edition is forthcoming, hopefully by the fall of 2017.

History for the daughter

This is the first edition of the new IB Paper One topic--The Move to Global War, and is a well organized and helpful textbook. The main problem I have noticed is not in the content but in the sample questions. There are several typos and inconsistencies especially for the second and third question. I only bring this up to encourage teachers to buy the newer editions as they are released and to be aware of the inconsistencies as to not mislead your students. Otherwise the book provides a thorough history of the topic and offers several sources for students to build up their skills.

It's not delayed. This product cuts through bread like a hot product through butter. Great product! will buy next time. I love it so much, nice and valuable.
