Features of this Wolf Coloring Book for Adults: Single sided coloring pages allow for the pages to be removed Suitable for markers, felt tips, gel pens, coloring pencils and more due to single sided pages No solid black outlines allowing for hyper realistic shading Challenging images will require more focus and help to reduce stress levels Tips for Coloring this Book: This book is best used with reference. You don't need to have a reference image that looks exactly like the one you are coloring, just something similar. When you are coloring, look at your reference image and really study the colors. If you are coloring grass then notice how it's not just green. It may have areas of yellow highlights, brown and orange blemishes and even blues in the shadows. If you are coloring the bark of a tree, notice that it's not just brown. It may also have areas of green moss, orange hues, reddish areas and even purple areas in the shadows. Don't be afraid to experiment and use colors in areas that you would not expect them to be. Often, this is how the most striking and realistic results are achieved!

Customer Reviews

Wasn't sure I would like grey scale photos but found those in this book to be great. like the reality of the pics. I recommend.

Some of the pictures are really nice, but some are so basic that no amount of shading and coloring really make the pictures come to life. Not bad, just not outstanding. I had originally bought this for my daughter-in-law for Christmas, but after getting it decided it wasn't good enough to give her and kept it for myself getting her a different book.

This was bought for a friend. He loved it! Looked at every picture then said it might be to nice for him to color. Really good pictures, I might have to get myself one!

As with the other wolf book purchased, these are beautiful pictures. But you can't really color any, only shade in spots. If you like doing only that, these are for you. If you like to color the whole picture, I cannot recommend this one. The wolves are beautiful to look at, but not what I was looking for.

can't wait to work on this - will take some real effort but I am sure it will be worth it. Very well done book and good price.

I got this for a friend that loves wolves and the pictures do not disappoint. I hope she loves it as much as I do.

It was good but not really what I wanted.

Very nice. Lots of details to work on. That's good.
