Enjoying this book, its an eye opener as to how we are spending our days.

This book was very impactful and a lot of insight was gained through this book. I would recommend this to as many people as possible especially people within the ages above 35 years.

The audio is easy to hear and understand, too!

Many people think joy and success will just happen. This book speaks to the fact that it takes God AND You to have the life you want.

This book is an eye opener and very well written. It is real, practical and down to earth. Thank you for writing this book.

As with Joyce's other books, Seize the Day is a strong, simple, straight-forward read, setting out the best ways to give up control for our lives to God and then follow His lead, so that we don't always feel like we're running behind and not quite measuring up. I love this woman, and the practical godly advice she's given me over the years.
