The Seven Spiritual Laws Of Success

Synopsis

This is a book you will cherish for a lifetime, for within its pages are the secrets to making all your dreams come true. Based on natural laws that govern all of creation, this book shatters the myth that success is the result of hard work, exacting plans, or driving ambition. Instead, Deepak Chopra offers a life-altering perspective on the attainment of success: When we understand our true nature and learn to live in harmony with natural law, a sense of well-being, good health, fulfilling relationships, and material abundance spring forth easily and effortlessly. Chopra's teachings are distilled into seven simple, yet powerful, principles which can be applied to all elements of personal life to evoke success. The basic idea is that personal understanding and harmony promote fulfilling relationships and material abundance without extra effort: chapters tell how to achieve it. Filled with timeless wisdom and practical steps you can apply right away, this is a book you will want to read and refer to again and again. --This text refers to the Hardcover edition.

Customer Reviews

Simply astonishing. If you want a better life, you must read this book. Just understand you have to be in the right mindset to even process and apply the message but if you are, get ready to be changed.

This book is not about success as we generally think in relation to prestige and material wealth. It is about life success and is a must read. Short, requires two three hours to read and weeks to contemplate the incredible messages

I loved this. I will read it many more times. I highly recommend this to all who believe in this power.

I didn't realize this was an abridged version when I bought it. It works out well though because its easy to travel with and pull out when you feel like studying it. All in all I am glad I bought it.

By far one of the best books!

i start on sunday with reading one law a day and it is my saving grace. it grows you spiritually and is a good way to condition yourself as a loving being.

This is a good book about achieving spiritual and professional enlightenment. Mr. Chopra gives the readers 7 steps to better understand themselves spiritually through meditation and finding your true potential.

Very informative! The ideas were clearly stated and inspiring. Liked it so much, I next ordered the movie by the same title which I also enjoyed immensely.
