Customer Reviews

The book does a good job of explaining the degrees and making the story of Freemasonry more understandable than a lot of other books of the same venue.

Nice refresher.

good book but info not 100 percent.

It informs the reader by listing the procedures of a meeting in the lodge of the masons. It proves the masonic lodges are not a secret society or organization

This is a must have for the man looking to learn more about Masonry. A useful tool that you'll find yourself reading again and again.

My husband ordered it and says that it is identical to the one he has in written form in a small book he has had for many years.

I enjoyed the details in the ritual work. Happy to give this 5 stars. Really helped me in my work.

This is a great tool for new Masons! Upon entry to Masonry a guide is helpful to find the place that you want to land!
