"This book is irresistible! Warren Lee Cohen offers insights into the place the bread making can have in a child's life and encourages us to find meaning and care in our baking.' Jade Bashford, Soil Association"

Warren Lee Cohen is director of the Foundation Studies program at Emerson College in England. He teaches courses on inner development and on the arts and sciences. During his years of experience in practicing and teaching meditation, he has explored many paths, including Judaism, Hatha Yoga, Tibetan Buddhism, and especially Anthroposophy. He is the author of the picture book *Dragon Baked Bread and Baking Bread with Children*. Tom Herbert is Director of the award-winning Hobbs House Bakery, located in the medieval market town of Chipping Sodbury, Gloucestershire, UK. Their website is (www.hobbshousebakery.co.uk).

Just received the book. It arrived in perfect condition and actually faster than expected. I can't wait to read the stories to my daughter and start baking bread

Absolutely delightful book, the writer's passion for baking bread and educating is clearly present in each page. I especially like the fact that the recipes are presented in metric and imperial (not as common as it should be in cookery books). I have tried several recipes so far and am looking forward to making others, I expect that over time I will make almost all of them and many will become firm favorites. the gingerbread is by far the best in terms of ease to make, handle and taste that I have ever tried which is saying something after a 10 year quest for one that works. I usually shun recipe books that don't contain photos and am glad that I made an exception in this case, the illustrations are sufficient. Definitely a keeper and hopefully one I can pass on to my children.

This book was interesting and I'm excited to use the many recipes in there with my 4 youngest kids. There was also info on building your own outdoor bread oven so that was pretty sweet. Might do that as well!

I love this book. Not only does it have great recipes but it also has stories, songs and poems about bread, baking and grains. The first couple of chapters are written about what baking can teach our children and how to get them involved. It really is the perfect baking book for family baking. I highly recommend it.

highly recommend to those who bake with children.

Beautifully written! There are easy bread recipes and lovely verses and stories, too. The author put

much love into this book. A must-have for the family kitchen.

Fun book for everyone, not just children

This is my go-to book on rainy days when we are looking for an indoor activity. Beautiful rituals and great recipes.
