## Customer Reviews

The 64 rides included in this book vary in length from recreational 3-milers to multi-day bikepacking treks through Wyoming's five National Forests, the Grand Teton National Park, and the Red Desert.

I purchased this used (out of print) book via an Amazon-linked dealer. Travsky wrote clearly, enthusiastically and with enough detail. The book correctly covers the few rides that I know. It is useful for planning mountain biking for riders who gasp the thin gusting air of Wyoming.

Very old and out dated. Good for starting a campfire.
