Thicker Than Water (A Dermot O'Hara Mystery Book 1)

Synopsis

Dermot O'Hara is a policeman in a small Irish town where his greatest challenges are lost library tickets and how to find more time to fish. This peaceful life is upended when death comes to town. And not just any death. O'Hara's career is on the line as the corpse of a US Senator is found. The Senator, while searching for his ancestors, has uncovered an old, still burning hatred from the time of the Great Famine. Dermot needs all the help he can get to solve the crime but as he starts to unravel the mystery it becomes clear that those around him are not what they seem. This first book in the series introduces us to Dermot, his long suffering wife Jo and his disreputable friends in the local bar.

Customer Reviews

Delightful, well written story that leaves you wanting to know more about these people. I felt like I was there in the village. My heritage is Irish and I've visited a couple of times and I feel very comfortable with the lifestyle and the easy-going pace.

Kenmare is in West Kerry, not West Corkscrew so the Police man could not have fished in West Cork.

I did like this cute mystery set in a beautiful part of Ireland. I picked this one up because I've been to that part of the country and wanted to read about it. I love the main characters and the villagers and the Pub. It was a short little mystery but a pleasure to read.

Though interesting, it was not the kind of mystery that draws you in. And to me it ended quickly. This will not keep me from trying another.

Set in Kenmare, a mysterious death that maybe be a murder. Investigation leads to blackmail that is all's well that ends well. A one sitting read.

It is a fun light read. Great for relaxation.

Great read!

A fun read and had a good laugh at my ancestors.
