Customer Reviews

Saving the Twins had interesting twists and turns. Looking forward to the fifth book in the Out of

Time series. Sadly there was no way to request notification when it will be released.

I do remember this book. I did enjoy it.

This is a delightful historical western romance kindle book about young ladies who were left a Ranch by their Grandfather with stipulations to the Will. A very enjoyable story that will keep you interested from beginning to end, a bunch of opinionated ladies that kept me entertained. A must read from at a special price. Loved this and the duo of authors who keep me wondering what next for the characters.

I enjoyed this book & the whole series! I am glad that all 4 of the sisters got married. And glad that Lauren was ok that Luis did not manage to carry out his plan to kill her & the twins who were his own children. I'm glad Shane finally got the courage to tell her he loved her & wanted to marry her. And they were going to adopt the twins. I highly recommend this book & all the others in this series! Truly another great series by Indiana Wake!

I loved this book from beginning to end. I couldn't put it down until I finished it. I can't wait for the next one to come out

I read this through the Kindle Unlimited program. I enjoyed this book a lot but it did get on my nerves that Lauren hadn't listen to what everyone was saying about Luis. Especially her sisters and their husbands but as a lot of young girls she had to learn the hard way.

I enjoyed this story. The author has done a wonderful job of putting together a good cast of characters they have told a beautiful tale of love and romance.

This is the third book in Indiana Wake's latest Mail Order Bride series. All three books were very enjoyable and worth your time to read them.
