## Customer Reviews

This is the biggest rip off. It reads like a sixth grade book report. I had to go out and buy another book to get the information needed to travel. Honestly, I have purchased many wonderful travel books and I couldn't believe they charged any money for it, let alone \$20. Terrible!!

Not very informative or accurate. Probably a paid advert.

Lots of typos!

I was looking for a comprehend guide to parks and natural beauty: here it is!! This book is so complete and thorough that it's hard not to love.
