# The Warrior's Bride: Biblical Strategies To Help The Military Spouse Thrive

## Synopsis

The call came down from Command, and your warrior husband is out the door, leaving you behind to handle whatever he has left undone. Whether it's the day-to-day monotony, the inevitable appliance that breaks, or the months without his presence beside you, being a military spouse brings challenges few appreciate. Yet God sees you and longs for you to boldly step into His plan. He purposely chose you for this moment- for your man. He wants to give you abundantly more than what you have right now and desires you to thrive as your warrior's bride.

## Customer Reviews

Warrior's Bride is a must read! While Carrie and Kathy have not sugar-coated the many challenges of military life, they have generously shared the hope they have found and the road map for thriving!  
~Kathleen Dees, wife of Major General (Army Retired) Robert F. Dees  
I found your life stories and growth in your understanding and commitment to God's purpose in marriage to be inspiring and insightful! Your testimonies will encourage many military spouses!  
~Paula Van Antwerp, wife of Lieutenant General (Army Retired) R.L. Van Antwerp  
Readers' Favorite Award Finalist: By choosing to tell their own stories with complete candor and by relating each chapter to specific, time-tested verses of scripture, Barnett and Daws establish a solid foundation which allows the text to read like a privileged conversation rather than a run-of-the-mill self-help treatise. ... The Warrior's Bride is filled with the particular warmth and caring that only a manuscript written as a gift can engender. From first word to last, it is

clear that the authors earnestly wish to bring hope and comfort to their readers. ~Richâ Follettâ

Wow! This book is fantastic. It's a wonderful treasure of information for married women military and civilian. Even though the authors promote this book as advice for military spouses, all of the principles and guidance found here are applicable for any married woman. It covers subjects all the way from handling the fear of your husband's death to dealing with a husband whose job requires him to be away from home and the family for long, extended periods of time. It encourages every woman to realize that God forgives us in spite of our faults and is standing on the sidelines begging us to come to Him for reinforcement and wisdom. It also urges the struggling woman to turn to God for love and wisdom in dealing with all circumstances of life. What I loved: I loved reading the personal testimonies revealed by both Carrie Daws and Kathy Barnett. They used their personal struggles to help illustrate their tidbits of advice and encouragement for the military spouse, and these personal touches are what make the book so genuine and tender. What I didn't like: Nothing. This book has a wealth of information, and anyone would be able to find encouragement and assistance within its pages. I LOVED reading this book. I cried when I read about the strong emotional clashes the authors endured, and I laughed at their personal glimpses of life in their worlds as military wives and mothers. But personally, I came away with an enthusiastic decision to have a more positive attitude toward all things in life. If I could give this book six stars, I would. But I give it five stars...and firmly believe, it's worth every star!

This book, although an easy read, took some time to get through. As I would read each chapter, some of the information was heavy on my heart and would need some extra time spent in those particular areas as they pertained to my life. I'm thankful for the author's and their transparency! I've already handed out four to family and friends and I will always have a spare on hand to give away as a gift. I feel every military spouse, no matter where you are at in your military walk, can benefit from this book!

This book has been a very honest view, exactly what I needed. It's a great book something to keep and reread as needed.

Courageous and open discussion of real problems military families face, and how to cope. Going through the fire as a military bride has turned Kathy Barnett into a warrior of God in her own right. Her strength, through God, to face the past and follow him, is truly a testament to his glory, love,

and hope for us.

The Warrior Bride is an encouraging read for military and non-military wives. Carrie and Kathy are transparent, raw, honest, and inspirational in this one of a kind read. It's a life-giving story of real people, real struggles, and real solutions. The authors use scripture as a way to point folks Godward. Forgiveness and grace (from God and in your marriage) is a recurring theme throughout the book. Their choice to make themselves vulnerable demonstrates their love of God, family, and relationships. They do not hold back. They use their life experiences to pass on to others who may glean from their wisdom. This book is a wonderful mix of true family stories, authentic life issues, and biblical strategies (deep-rooted in scripture) that creates a fun, entertaining, and touching paperback. Carrie and Kathy share their perspectives on a number of different marital topics such as stress, children, infidelity, divorce, covenant/vows, God's plan for a Godly home, and detailed testimonials that every woman can relate to. You will feel connected to their stories and the topics because they are authentic. Grab a cup of hot tea, throw on your sweats, and get comfy on your couch and you will not be disappointed.

Awesome learned alot

love

Amazing!
